

Kaman is a Mediterranean brand of exquisite delicacies yielding an array of Arabian legends and magic of gourmet flavors.

Kaman explores the richness of diverse traditional flavors and experiences: majestic chocolate from Belgium combined with traditional French ghee and the inherited traditions of refined Arabian hospitality.

Especially conceived to provide the best weave of ingredients through precious presentation schemes, Kaman proposes packages that reveal cultural stories and symphonies of savors and colors while retaining the freshness and quality of the confectioneries at best.

Kaman is about providing the right balance to create fulfilling experiences: ingredient, mixes, portions and packaging are all studied to provide rewarding journeys for personal cravings or delightful gifts to share with loved ones.
